Subject: FSC Africa Newsletter

Dear Stakeholders,

It has come to our attention that due to a server malfunction, the message sent yesterday regarding the language preference selection for the FSC Africa newsletter was received multiple times by some stakeholders.

This is a highly unusual and unfortunate error and we would like to sincerely apologise for any inconvenience caused. We assure you that none of your data has been compromised in any way.

We are addressing the cause of the aforementioned malfunction as a matter of urgency.

Thank you for your continued support.

Kind regards,
